Ryan Gollner, Project Director
Wisconsin Educational Services Program for the Deaf and Hard of Hearing (WESP-DHH)
309 W. Walworth Ave
Delavan, WI 53115

Dear Mr. Gollner,

It is my pleasure to write a letter supporting the Wisconsin DeafBlind Technical Assistance Project (WDBTAP) seeking funding through the State Technical Assistance Projects to Improve Services and Results for Deafblind Children and National Technical Assistance and Dissemination Center for Deafblind Children (CFDA 84.326T)

WDBTAP has assisted our Consumers that have dual enrolled with resources and referrals. As an agency that can only provide assistive technology and training around an employment goal partnering with WDBTAP allowed those youth to also obtain assistive technology for keeping in touch with friends and family. It is a nice complement service to schools as they bridge youth into the adult world and learn how to advocate for themselves and what they need.

In conclusion, I fully support the efforts of the WDBTAP as they seek this funding to support their program to help support the children in Wisconsin who are deafblind, their families and their school teams.

Sincerely,

Andrea Simon, LPC, NCC
