Ryan Gollner, Project Director
Wisconsin Educational Services Program for the Deaf and Hard of Hearing
(WESP-DHH)
309 W. Walworth Ave
Delavan, WI 53115

Dear Mr. Gollner,

It is my pleasure to write a letter supporting the Wisconsin DeafBlind Technical Assistance Project (WDBTAP) seeking funding through the State Technical Assistance Projects to Improve Services and Results for Deafblind Children and National Technical Assistance and Dissemination Center for Deafblind Children (CFDA 84.326T)

The WDBTAP has supported Hamilton School District by providing consultation, resources and support to a student who has CHARGE syndrome. We have seen tremendous growth and positive outcomes with our student by working with WDBTAP and Outreach to find creative, effective ways for our student to access the curriculum. The high level of knowledge and expertise held by WESP-DHH staff, specifically WDBTAP has been immeasurable in trying to find successful support and accommodations for our unique learner.

In conclusion, I fully support the efforts of the WDBTAP as they seek this funding to support their program to help support the children in Wisconsin who are deafblind, their families and their school teams.

Sincerely,

Megan Sironi
Teacher of the Deaf / Hard of Hearing
Waukesha County Special Education Cooperative
